## SOLIDARITY NOTE TO THE LEBANESE PEDIATRICS SOCIETY

Prof. Joseph Haddad  
President of the Lebanese Society of Pediatrics

Dear friend Joseph:

The Latin American Pediatric Association (ALAPE) deeply regrets the devastating catastrophe caused by the recent explosions in the city of Beirut, Lebanon, which caused the destruction of many facilities and the even greater collapse of hospital centers in the city, causing many deaths and personal injury to more than 4,000 people

Our Association expresses its full solidarity and support for the families of the victims and the Lebanese people in general.

ALAPE accompanies with its feelings of regret and sadness the entire population of that country in this great tragedy, with our concern especially for the child population affected by this disaster that greatly aggravates the already critical health situation of the country, due to the COVID 19 pandemic that has been attacking us for several months.

With deep affection:

**DR. OSWALDO REVELO C.**
